

MEANING GROUPS INTRODUCTION PART 1: *CAUSE AND PROVIDE*

Research has shown that some words collocate not just with other words, such as *blonde* collocates with *hair*, but with 'meaning groups' of words that are often **positive** or **negative** in meaning. This is very clear with the words *cause* and *provide*. Match the collocates to the words *cause* or *provide* and then complete the table.

The word *cause* collocates mainly with _____ words.

The word *provide* collocates mainly with _____ words.
